I.V CATHETER

Brief description of the product:

The I.V. Catheter is assembled by protective cap ,peripheral catheters,pressure cap,catheters supporter,needle supporter,needle tube,air-outlet connector, dosing cap,rubber plug etc.All materials used for the products meet medical requirement,sterilized by ETO,pyrogen-free.

The I.V.Catheter cooperates with transfusion set,infusion sets,and blood collecting devices,it is adopted by insert-blood-vessel-system,avoiding cross infection efficiently. Users are professional medical staff.

Casing pen size:

14G.16G.18G.20G.22G.24G with large bottle cap, rigid foam packaging

Characteristic:

Easy dispenser pack

Color-coded casing cap allows for easier identification of catheter size.

Translucent catheter hub and flashback chamber allows for easy detection of blood flashback at vein insertion Teflon Radio-opaquecatheter.

Precision finished PTEE catheter assures stable flow and eliminates catheter tip kink during venipuncture.

Can be connected to syringe by removing filter cap to expose Luer taper end

Use of hydrophobic membrane filter eliminates blood leakage.

Close and smooth contact between catheter tip and inner needle enables safe and smooth venipuncture.

Crimped smooth engagement between catheter and hub without use of adhesive helps reduce blood coagulation or hemolysis.

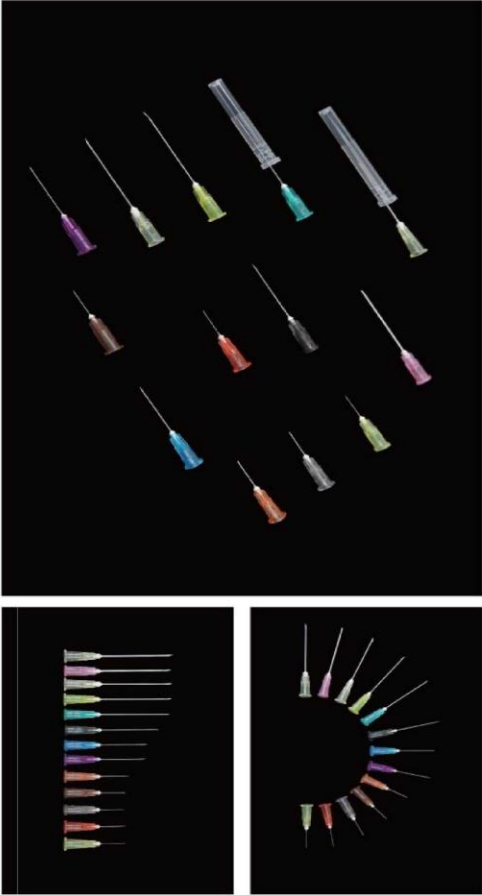

Safety design can shield the cannula after use,preventing needlepoint from

stabbing nurse,patient or other people,which can effectively reduce infection.

Detailed specifications

Type	mm	Gauge	Colour		LENGTH					Flow Rate "ml/min"
			Code		¾	1	1½	1¾	2	2½

SCALP VEIN SETS

Normal type
Soft wings
Thin wall cannula, large, ID, and smooth flow
Safety Scalp Vein Sets, additional features

Color coded wings by size for clear recognition
Protective sheath on the tube
Easy activation of safety sheath, prevent Accidental needle sticks

Detailed specifications

SIZE		COLOR	LENGTH					BEVEL ANGLE		
OD	GAUGE		1/2	5/8	3/4	1	RWW	T	Longbevel	Shortbevel
0.40	27G	Grey

DENTAL NEEDLES

- 1. Made of high quality stainless steel
- 2. Virtually painless,atraumatic and perfectly sharp to give patient maximum comfort
- 3. Size distinguished by the hud's color for the clear recognition
- 4. P.roduction of all kind of special needles required by the customer's
- 5. Individual packaged,sterilized

BLOOD COLLECTION DEEDLES

Blood Collection Needle with
Scalp Vein Set

- 1. Latex free
- 2. Soft and transparent
tube,can observe the vein
blood flow clearly
- 3. Double wings make puncture
more safe
- 4. Different color wings means
different size

STERILE SYRINGE,INSULIN SYRINGE

Disposable medical syringe
Needle available: 18G-27G
Plunger: Transparent or not
Piston: Nature rubber
PE or blister pack
